

## **D.O. Rioja**

**Bodegas Fuenmayor** was born as a project of a group of businessman related to the wine sector who decided to join their knowledge and experience. As a result of this idea became a winery of a select wine treated in a natural way, without rush. The group decided to produce only one wine and only in the years when conditions were perfect.

Bodegas Fuenmayor is located in the heart of La Rioja, a town that gives its name and where the wine is part of its culture and its people. They have built this winery taking care of all the details, combining design and tradition, and where love towards the wine is felt in each corner.

**Nocedal Reserva** – This wine is made from 100% Tempranillo with fermentation taking place in stainless tanks. The wine is then aged in French and American oak for 18 months and then in bottle for another 24 months before release. This is an extraordinary example of Rioja made in the modern style but maintaining classic traditions.
